## Introduction

Pursuant to the Code of Federal Regulation (CFR) 49 Part 26, The Virgin Islands Department of Public Works (VIDPW) maintains shared Unified Certification Program (UCP Directory identifying all firms eligible to participate as DBEs on DOT-assisted contracts.

The DBE Directory lists the firm's name, address, owner, phone number, email, website, applicable North American Industry Classification System (NAICS) codes, service category, and a brief description of work the DBEs have been certified to perform.

The Directory can also be found online by visiting <https://dpw.vi.gov/civil-rights/>.

*The DBE Directory is constantly being updated. Check online or contact DPW's Office of Civil Rights via email or phone to ensure that you have the most current version.*

## Organization of this Directory

This Directory is divided into three Sections:

Section II	DBE firms are indexed by page numbers and location.
Section III	DBE firms are listed alphabetically with all pertaining information.
Section IV	DBE firms are categorized in the traditional contracting fields.

## Authorities

In February 1999, the U.S. Department of Transportation (DOT) issued new Disadvantaged Business Enterprise (DBE) regulations found at 49 CFR Part 26. A major component in the new regulation is for all recipients of DOT funds, to develop a Unified Certification Program (UCP) for certifying small socially and economically disadvantaged businesses. The regulations also require the establishment of a single uniform process, or "one stop shopping" for DBE applications, certifications, and development of a single point DBE Directory.

## MOU

In accordance with DOT regulations 49 CFR, Part 23 & 26, the VIDPW has assumed the responsibilities as the UCP Lead Agency, and as such, will provide "one-stop shopping" for firms seeking Disadvantaged Business Enterprise and Airport Concession Disadvantaged Business Enterprise (DBE/ACDBE) certification in the territory.

This UCP process agreement is intended to reduce the procedural burdens on applicants; fulfill the requirements of paperwork reduction; and reduces confusion caused by multiple and potentially conflicting outcomes in certification decisions.

VIDPW will not establish, recommend, or alter the DBE Program Plan of any recipient, other than to supplement an approved plan. The development of a DBE goal, administration, monitoring, and reporting remains the sole responsibility of the recipient agency.
